**Subject:** Explanation Regarding Financial Proof Requirement / Request for Hardship Waiver

Dear Members of the Admissions Committee,

I am writing to formally submit my application for the Rector's Scholarship Program at UIN Raden Intan Lampung. Regarding the requirement to provide a personal bank statement showing a minimum of USD 2,000, I am respectfully requesting an exemption or conditional waiver based on my financial circumstances.

I come from an underprivileged background, and my family does not possess a bank account with liquid assets of this amount. It is precisely because of this financial limitation that I am applying for this scholarship opportunity, as it is the only avenue through which I can access and afford a high-quality university education.

If selected for the scholarship, I am fully prepared to manage basic personal necessities within the scope of the program's provisions. Furthermore, I am prepared to secure localized support or provide an alternative guarantee once an official Letter of Acceptance (LOA) is issued, which will allow me to seek external local educational grants or NGO support in my home country.

I kindly request that the committee evaluates my academic merit, motivation, and potential through my transcripts and statement of purpose, rather than disqualifying my application based on immediate financial liquid capital.

Thank you very much for your understanding, compassion, and consideration of my application.

Sincerely,

**MUHAMMAD IKRAM ULLAH**
